NEW

Australian Organic & Indian Organic Partnership

New MRA enables access to extensive organic ingredients at more competitive prices.

Access Global Certified Organic Ingredients Through Australia's Organic Equivalence Pathway

500+

Certified organic ingredients that comply with Indian NPOP Organic

30+

Countries of origin — globally audited, ACO certified supply

10+

Years of import, export and global sourcing experience

Australia's Gateway to Global Organic Ingredients

The Challenge

Many Indian businesses face challenges accessing specialised certified organic ingredients, including **limited sourcing options**, **supply constraints** and **higher costs** for certain imported ingredients.

The Opportunity

Australia and India have established an **Organic Equivalence Arrangement** that creates new opportunities for certified organic trade between both countries.

NPOP-ACO Mutual Recognition Arrangement (MRA)

The Solution

Switch Supply is an **Australian Certified Organic supplier** providing access to one of Australia's largest certified organic ingredient portfolios, supported by **10+ years** of global sourcing and import/export experience.

The Result

- ✓ More ingredient options
- ✓ Significant cost savings
- ✓ More sourcing flexibility
- ✓ Access to premium certified organic ingredients through an Australian-certified supply chain

SWITCH SUPPLY · ACO CERTIFIED PORTFOLIO

500+ Certified Organic Ingredients, Globally Sourced

Every ingredient supplied under ACO certification with full chain-of-custody, third-party testing and NPOP-compatible compliance documentation.
